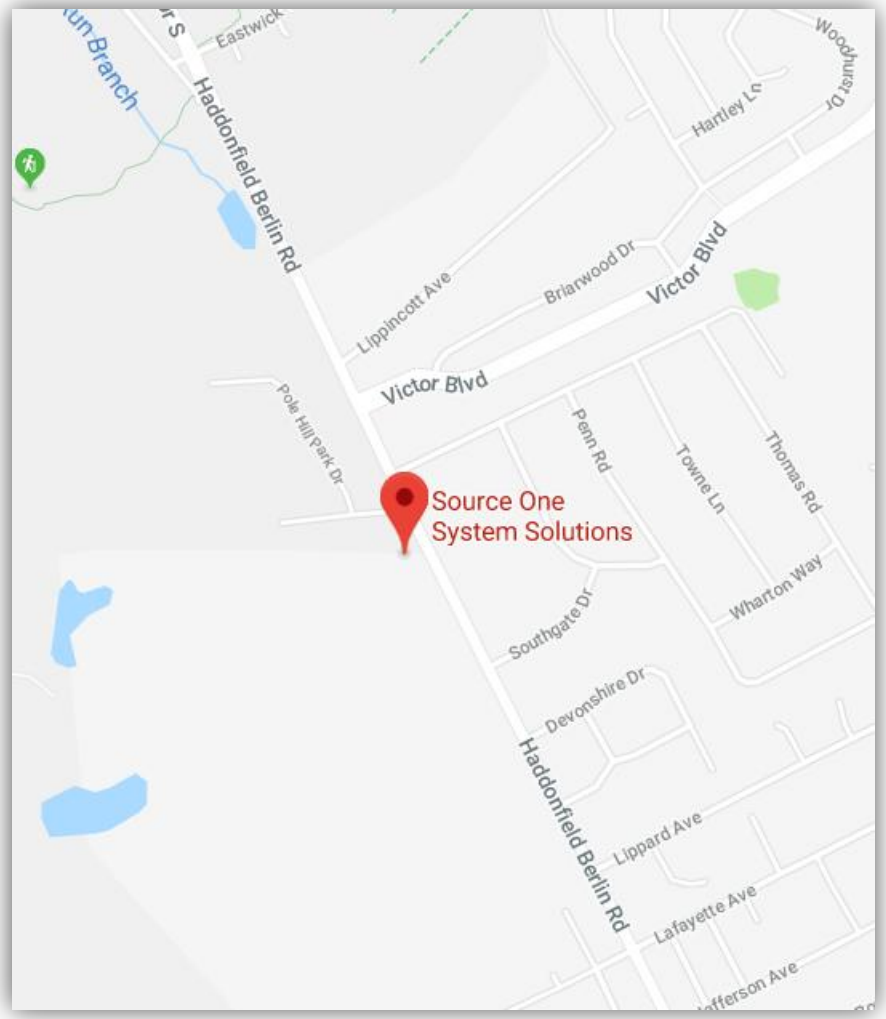
SourceONE System Solutions

Local & Customized

We Guide You Through Change

Local & Customized Service

- Based in Voorhees, NJ, we serve South Jersey and Philadelphia.
- Onsite Consultation & Service
- Remote Helpdesk & Support
- 24/7 Emergency Assistance
- Fast Responding
- Contact a person, not a call center.



We Guide You Through Change

Professional

For over 20 years we have been serving the tri-state area by helping them reach their IT needs. We strive every day to live out our mission, which is to give a more personal touch to **IT solutions.** Many of our clients have commended us for helping to guide them through change and communicating with them regularly.

Customized

No two companies have the same IT needs. We will sit with you, learn about your company and suggest ideas to implement in order to help you secure your data with **anti-virus software**, connect all of your employees through **Microsoft 365**, improve system connectivity with **stronger hardware and wiring**, and more.

Local

When something goes wrong with your systems you do not need to call a call center, you need to call a person that will come out on site and fix the problem. Our account managers are our **IT technicians**, when you call them you are calling their cell phone.

Customer Testimonial

"Thank you for the IT work that you did for our firm during my tenure as Office Administrator. I appreciated not just your expertise in the field but your ability to quickly respond to my calls for help. Businesses today cannot survive without technology. I always had total confidence that you and Source One could keep us up and running and on top of the latest software that could keep the firm up to date in our field. I have often recommended Source One to other administrators and will continue to do so in the future."

Kulzer & DiPadova, P.A.

Network Management

- Servers
- User Workstations-Endpoints
- Mobile Device Access
- Software Deployment & Upgrades
- Security
  - Policy Enforcement

Customer Testimonial

"It is with extreme pleasure that I recommend Source One for all of your outsourced IT needs. The Protocall Group has worked with Source One for over 15 years. Source One has always provided a proactive partnership. We count on their extremely competent staff to provide 24 hour support and they have never failed us.

Source One is a true business partner and I consider their company a welcome extension of our business. Their employees feel like a part of our organization."
